Dennis – I also gave him your contact information. His name is Phil Smith in case you are contacted. He indicated that CID Booth is also working on it.

Subject: Federal Investigation in Chemical Spill

Just a FYI – I had a call from my counterpart in the FBI (Pittsburgh office) regarding a federal investigation in to the chemical spill. I directed him to Nick Gillispie – EPA CID.

Attached is a recent news article that indicates that the U.S. Attorney is opening up a federal investigation on the cause of the spill.
